STUDENTS HERE FOR CONFERENCE

One Hundred Delegates From More Than 30 Institutions Expected.

THIRD ANNUAL SESSIONS

Saturday's Conference to be Addressed by Rev. Frank N. D. Buchman, of New York City.

Trains and busses brought to Gettysburg this morning the vanguard of representatives of Lutheran colleges, universities and seminaries in more than six states for sessions of the third annual conference of the Lutheran Students' Association to be held here beginning this evening at 6:30 o'clock with a supper at St. James Lutheran church.

It is expected by local officials in charge of arrangements for the conference that more than 100 delegates will be in attendance at the height of the sessions, which will be held until Sunday afternoon. Delegates representing more than thirty colleges, universities and seminaries in the states of Pennsylvania, New York, New Jersey, Maryland, Virginia and several in the New England group, are expected to be in attendance.

Following the supper at St. James church, this evening, the delegates will gather at the Weidensall Y. M. C. A. at College at 7:30 o'clock for the initial session of the conference.

A discussion on the subject "The Christianization of the Social Order" will be led by Rev. Dr. Edwin H. Delk, pastor of St. Matthew's Lutheran church, Philadelphia. At the close of the discussion, a social hour will be held.

Saturday's sessions of the Conference will be held in the chapel of the Theological Seminary. The Rev. Frank N. D. Buchman, of New York City, will begin the day's sessions at 9:00 o'clock with a conference on "Personal Evangelism." This vital phase of Christianity will doubtless be ably led by the Rev. Buchman who, it will be remembered, traversed the globe with Sherwood Eddy, thus giving him a unique perspective and a practical point of view. Last year the Rev. Buchman spent working among the students at Oxford and Cambridge, England. This is one of his last meetings with students before departing for Australia. It is hoped that many will take advantage of the opportunity to hear this noted leader.

MANY CHILDREN ILL WITH MEASLES

Knowing or Unknown Infractions of Quarantine Believed Responsible.

Many houses in Gettysburg are again quarantined for measles. On one street three adjoining houses have been placarded, because children are ill with the malady.

Fearing that measles will become epidemic as they were several weeks ago in Gettysburg, local physicians are urging parents to take the utmost precautions against a spread of the sickness.

Reporting to a physician every suspicious outbreak of rash as soon as it develops on a child and strictly obeying all quarantine regulations prescribed by the Board of Health are two of the most effective methods of combating measles.

One of the latest regulations concerning the quarantining of members of a family in which measles exist is to the effect that members of the family, who are employed, may come and go from the quarantined house, provided they do not come in contact with the patient ill with the malady, or the person caring for the patient.

In several instances in the county, death has resulted from measles, complicated by pneumonia, and physicians urge the utmost care be taken of the patient, especially in the convalescent period of illness.

Knowing or unknown infractions of the quarantine regulations are believed by local physicians to be responsible for the present outbreak of measles.

2 FORMER STATE POLICE ARE HELD

State Police Ahlquist and Goucher Make Arrests in Alleged Bribery.

\$1,000 BRIBE ASKED

Men Are Said to Have Offered to Leave State and Not Testify in Beer Case if Paid.

Sergeant August Ahlquist, in charge of the special detachment of State police which was stationed in Gettysburg last summer, together with Private Frank Goucher, also formerly stationed here, made the arrests and the principal witnesses against two other members of the force who are charged with accepting bribes in a liquor violation case.

The former policemen are Harold Swift and Nicholas DeRose. They were members of Troop C, stationed at Pottsville.

They are alleged to have accepted bribes from J. E. Page, proprietor of the Central Hotel, Hummelstown, and Rudy Beam, Palmyra, truck drivers, both of whom were held for Federal court on a charge of illegal possession of beer.

Swift, who caused the arrest of the hotel man and truck driver, is said to have indicated his "and the other fellow's" willingness to resign from the State Police and leave the State, so he could not serve as a witness, for a consideration of \$1,000. The hotelman and Beam told Major Lynn G. Adams, superintendent of State Police, of the man's suggestion, and a trap was set Wednesday night for them.

Swift went to the Harrisburg section last summer during the drive that was launched against trucks loaded with illegal beer. While there, he met with an accident when thrown from his motorcycle along the river road and was a patient at the Harrisburg Hospital for several weeks. DeRose had never been stationed there.

With the exception of two special legacies, Dr. Stover's widow, Mrs. Gaynella Stover, is sole beneficiary under terms of the document. One of the special bequests is made to Dennis Taylor, of Bendersville. The amount is \$1,000. Mr. Taylor is designated by the will as a "friend and faithful employee." The other bequest is \$2,500 to Dr. Stover's sister-in-law, Miss Ruth E. Guyer, of Menallen township.

Mrs. Stover is named as executrix of the estate.

RALLY TO SUPPORT OF DENTAL WORK

Miss L. M. Mitchell Completes Examination of Fourth Grade Children.

Miss L. M. Mitchell, of Harrisburg, dental hygienist of the State Department of Health, today completed work of examining, charting and cleaning the teeth of children of the Fourth grade at the High street building. She has been engaged in this task since Monday, about half an hour being spent on each child's teeth.

Beginning next Monday, Miss Mitchell will continue her dental hygiene work on the teeth of children of the Fourth grade at the Meade school. About a week will be required to complete the work there.

Inasmuch as the Department of Health allows but two weeks for the teaching of dental hygiene in the schools of each town visited in the State, that work had to be considerably curtailed here because of the large number of children. It was expected that teeth of all children in the first five grades of the public schools could be examined during the two weeks allotted Gettysburg, but this was found to be impracticable.

Parents and guardians of children in the grade examined this week and in the one to be examined next week unanimously gave their written consent to the work. Tooth brush drills formed a large part of the activities of Miss Mitchell at the High street school.

SEEKING COLORED MAN

Those Who Made Grossest Find Saw Him Carrying Bags of "Puppies" to Drown in Water.

(By Associated Press)

Crisfield, Md., April 20.—Children playing near a mill pond last evening found a bag containing the headless bodies of two negro children. In the bag were also the heads of three colored children.

A little while before, the children met a negro carrying two bundles. He told them he was carrying some puppies to the pond to drown. The children watched where he dropped the bundle and later went to take the supposed puppies from the water. It was then they made their gruesome discovery.

Police think the third body is in the other bundle and are already making arrangements to pump out the pond in an effort to find it.

The authorities are said to be on the trail of the person who threw the bodies into the pond.

STOCK REPORT

Price Decline Apparent in Several Stock Groups.

(By Associated Press)

New York, April 20.—The relaxing tendencies of commodity prices, combined with the Department of Commerce's warning against over-expansion, brought a large supply of selling orders into the stock market during the morning, with a resultant decline in prices. Losses of from 1 to 4 points were registered in the industrial group, which was featured by a free off-ring of the oil shares on the announcement of reduced prices of gasoline and kerosene. Standard oils of New York and New Jersey both dropped to new low figures for the year. Trading in railroad shares was sluggish and little affected by the selling pressure elsewhere.

2 FORMER STATE POLICE ARE HELD

State Police Ahlquist and Goucher Make Arrests in Alleged Bribery.

\$1,000 BRIBE ASKED

Men Are Said to Have Offered to Leave State and Not Testify in Beer Case if Paid.

Sergeant August Ahlquist, in charge of the special detachment of State police which was stationed in Gettysburg last summer, together with Private Frank Goucher, also formerly stationed here, made the arrests and the principal witnesses against two other members of the force who are charged with accepting bribes in a liquor violation case. The former policemen are Harold Swift and Nicholas DeRose. They were members of Troop C, stationed at Pottsville.

They are alleged to have accepted bribes from J. E. Page, proprietor of the Central Hotel, Hummelstown, and Rudy Beam, Palmyra, truck drivers, both of whom were held for Federal court on a charge of illegal possession of beer.

Swift, who caused the arrest of the hotel man and truck driver, is said to have indicated his and "the other fellow's" willingness to resign from the State Police and leave the State, so he could not serve as a witness, for a consideration of \$1,000. The hotelman and Beam told Major Lynn G. Adams, superintendent of State Police, of the man's suggestion, and a trap was set Wednesday night for them.

Swift went to the Harrisburg section last summer during the drive that was launched against trucks loaded with illegal beer. While there, he met with an accident when thrown from his motorcycle along the river road and was a patient at the Harrisburg Hospital for several weeks. DeRose had never been stationed in Gettysburg.

One of the special bequests is made to Dennis Taylor, of Bendersville. The amount is \$1,000. Mr. Taylor is designated by the will as a "friend and faithful employee." The other bequest is \$2,500 to Dr. Stover's sister-in-law, Miss Ruth E. Guyer, of Menallen township.

RALLY TO SUPPORT OF DENTAL WORK

Miss L. M. Mitchell Completes Examination of Fourth Grade Children.

Miss L. M. Mitchell, of Harrisburg, dental hygienist of the State Department of Health, today completed work of examining, charting and cleaning the teeth of children of the Fourth grade at the High street building. She has been engaged in this task since Monday, about half an hour being spent on each child's teeth.

Beginning next Monday, Miss Mitchell will continue her dental hygiene work on the teeth of children of the Fourth grade at the Meade school. About a week will be required to complete the work there. Inasmuch as the Department of Health allows but two weeks for the teaching of dental hygiene in the schools of each town visited in the State, that work had to be considerably curtailed here because of the large number of children. It was expected that teeth of all children in the first five grades of the public schools could be examined during the two weeks allotted Gettysburg, but this was found to be impracticable.

Parents and guardians of children in the grade examined this week and in the one to be examined next week unanimously gave their written consent to the work. Tooth brush drills formed a large part of the activities of Miss Mitchell at the High street school.

Approximately 2,064,000 persons were stockholders in the merged companies.

Among those whose names were made public were Marshall Spooner, former county attorney, and E. C. Kingsbury, aspirant and Republican choice for the Fort Worth postmastership.

3 HEADS, 2 BODIES ARE FOUND IN BAG

Remains of Negroes Discovered by Children Playing Near Pond.

SEEKING COLORED MAN

Those Who Made Guesseome Find Saw Him Carrying Bags of "Puppies" to Drown in Water.

(By Associated Press) Crisfield, Md., April 20.—Children playing near a mill pond last evening found a bag containing the headless bodies of two negro children. In the bag were also the heads of three colored children.

A little while before, the children met a negro carrying two bundles. He told them he was carrying some puppies to the pond to drown. The children watched where he dropped the bundle and later went to take the supposed puppies from the water. It was then they made their gruesome discovery.

Police think the third body is in the other bundle and are already making arrangements to pump out the pond in an effort to find it.

The authorities are said to be on the trail of the person who threw the bodies into the pond.

One of the victims was perhaps six or seven years old, while the others were from a week to six months old.

STOCK REPORT

Price Decline Apparent in Several Stock Groups.

(By Associated Press) New York, April 20.—The relaxing tendencies of commodity prices, combined with the Department of Commerce's warning against over-expansion, brought a large supply of selling orders into the stock market during the morning, with a resultant decline in prices. Losses of from 1 to 4 points were registered in the industrial group, which was featured by a free offering of the oil shares on the announcement of reduced prices of gasoline and kerosene. Standard oils of New York and New Jersey both dropped to new low figures for the year. Trading in railroad shares was sluggish and little affected by the selling pressure elsewhere.

CLAIM FLOGGING WAS ONLY GENTLE

Tabert Given But Few Easy Blows, Says Camp "Whipper."

Tallahassee, Fla., April 20.—The first phase of the legislative investigation into alleged convict abuses in this State, that part of it relating to the death of Martin Tabert, of North Dakota, in the private camp of the Putnam Lumber Company, at Clara, Fla., drew near the end Thursday with the dramatic appearance of Walter Higginbotham, widely heralded whipping boss.

Higginbotham, 35, and standing 5 feet 7 inches in his shoes, attired in a neat blue serge suit and silk shirt, entered the committee room briskly in response to a summons. Committee members said that he belied their mental pictures of him.

He told the committee in a few words that while he was the official "whipper" of the lumber camp, he did his work in a humane manner. He never administered more than 10 or 11 lashes at one time, while his monthly punishments average about 10, he said. He did not give Tabert more than six or eight blows, gentle ones, he testified.

May End Case Saturday

The committee announced Thursday night that it expected to conclude the hearing in Tabert's case Saturday. Today two members of the committee—Representatives J. Clay Smith and C. H. Kemmerly—will go to Clara to view the grave of the young man. In an executive meeting Thursday the Commission decided officially to invite an Associated Press correspondent to accompany them.

DISCOURAGED HOSPITALS

Governor Holds out Little Hope of Money Increase.

During a conference of hospital officials from all parts of the State, who met in Harrisburg Thursday in order to have the appropriations for this year increased, the Governor stated that before the hospitals' allotments can be increased "there's got to be more money in the revenues of the State."

He informed the delegation that the charitable institutions must accept, with other State activities, their share in the retrenchment made necessary by the organs of spending more than income in the past.

He also explained that the financial condition of the past will not permit the indiscriminate appropriation of State funds to institutions, but that the State has evolved a method of paying on the merit system of reimbursing the hospitals for charity work actually performed.

Officials of the Annie M. Warner Hospital were unable to attend the conference due to lack of notice of the date of the meeting. It was called under the auspices of the Pennsylvania Association of Hospitals.

AIR AID FAILS TO REACH STARVING

Rescue Plane Falls Into Lake Michigan; Marooned Are Helpless.

THREE OF 10 REACH SHORE

Had Gruelling Fight With Ice And Storms. Men And a Woman Await Arrival of Food to Island.

Northport, Mich., April 20.—Lieutenants C. E. Whitehead and Harold V. Wilcox, endeavoring to carry provisions in an army plane to the ten persons reported marooned on Fox Island, came down near here Thursday afternoon. Neither of the aviators was hurt and the plane was not badly damaged.

Six Northport residents, in a rowboat, rescued the aviators. It was necessary to drag the boat over the ice in several places before the spot where the plane landed was reached. The aviators have asked that a De Havilland plane be sent from Selfridge Field to assist in reaching the marooned persons.

Cold, exhausted and half starved, three men who for forty eight hours battered their way through slush ice and open water, reached the mainland here Wednesday morning bearing news that nine men and a woman are slowly starving on Fox Island, eighteen miles from here in Lake Michigan.

The party went to the island last fall to cut timber carrying provisions sufficient for several months. The prolonged winter, however, did not enter into their calculations. Three weeks ago all food supplies excepting some frozen potatoes were gone.

With death from starvation facing the little colony, an attempt was made by four men to cross to the mainland. They started on foot, but two miles from the island the ice broke up, and two of the men narrowly escaped death by drowning before the return to the island was accomplished.

A week later the men started again, but when two miles out they were caught in a blinding snowstorm. They wandered about nearly a day before finding their way back to the island.

Last Monday morning a third start was made. Edward Horn, 23; Carl Cooper, 35, and Ellis Sayres, 21, were the men who composed the party which left the island in a stoutly built skiff, eight feet long. They carried one pair of oars, an eight-foot pole and an ax. They had no food. Nearly starved, they took turns at the oars. There was open water about five miles.

They finally reached shore and sent assistance to the other islanders.

READY FOR FIRST DUAL TRACK MEET

College Harriers and Field Men on Toes to Oppose Franklin And Marshall.

Everything is ready for the first track and field meet of the season at Gettysburg College, Saturday afternoon, when Orange and Blue harriers and field men will compete with those of Franklin and Marshall College, of Lancaster, on Nixon Field. The meet is scheduled to start at 2:15 o'clock.

The meet will be of particular interest to Gettysburg sportdom, because two local athletes will have prominent parts. Brady Armour, who has deserted the baseball diamond for the cinder path, will make his debut in the high jump. Keith Gerger, another Gettysburg athlete, looks good as a hurdler and as a jumper.

Among the veteran track and field men of last year's Orange and Blue squad, who have been showing up in recent workouts, are Hachlen, captain, Curran, Gantz, Althouse and Farringer, dash men; Phillips, Curran and Henneberger, middle distance runners; and Livinwood, pole vault.

Several newcomers to the College have won places in track and field events. Among them are Bidde, of Hanover, two-miler; Hartig, of Frostburg, Maryland, shot putter; Glatfelter, of York, mile runner, and Sperry, of Cumberland, who excels on the jumps.

Long, the College's best bet for the discus throwing event, is ill at his home in Wormleysburg, with mumps.

PLANE MAKES NEW START

Will Again Attempt To Get Food To Marooned People.

(By Associated Press)

Northport, Mich., April 20.—The airplane which left Chicago yesterday for South Fox Island with provisions for a party reported isolated on the island arrived here this morning, and an hour later left for the island. Soon afterward, Lieutenant Meredith arrived here from Selfridge field in an airplane and began to take on supplies preparatory to a dash to the island.

THREE ADMIT TO HOLD-UP MURDER

Youth Confesses "His Finger Slipped On Shotgun Trigger."

Philadelphia, April 20.—Three of the five bandits held in connection with the hold-up and murder of John E. Emgable at Nineteenth and Parkmen streets last Friday have confessed to complicity in the killing and payroll hold-up.

Three of the men are under arrest in this city and three were captured by Philadelphia detectives in Atlantic City. Joseph Trinkle, 19 years old, has confessed that he did the actual shooting according to police.

"I didn't mean to do it," he told Captain of Detectives Souder. "My finger slipped off the hair trigger of the shot gun after I became nervous."

The men under arrest in this city exclusive of Trinkle are Joseph Sweeney, Cumberland street near Twenty-sixth, and Andrew Lawrence, a former policeman, Atlantic street near Frankford avenue. Trinkle gave an address on Thirteenth street near Catherine.

The men held in Atlantic City in connection with the holdup and murder are Joseph McManus, Melon street above Fifteenth; Edward Fetsch, of Thompson street above Fifteenth, and Zealand Harvey, of 200 North Florida avenue, Atlantic City. Police say that Harvey had no connection with the robbery and murder, but that he aided in hiding the men after they had fled to the shore.

POLICE CALLED IN D. A. R. VOTING

Anonymous Letter Attacking Pennsylvania Candidate Starts Hysteria.

DEADLOCK LOOMS UP

Withdrawal of New York Woman as Protest May Give Office to "Dark Horse" It Is Thought.

Washington, April 20.—Police were called on Thursday to assist in preserving order in the annual congress of the Daughters of the American Revolution in the course of balloting for the triennial election of officers.

Many of the 1825 delegates were described as on the verge of hysteria. Firemen stationed in the convention hall assisted the police in maintaining order.

The hysterical scenes were a development of the bitterness over an anonymous attack on one of the candidates, which Wednesday night caused the sudden withdrawal of Mrs. William Cumming Story, of New York, as a protest against the slurs on Mrs. Anthony Wayne Cook, of Pennsylvania.

The excitement of Wednesday night still was evident among delegates early in the session Thursday as they prepared to vote on the two remaining candidates for president general. Mrs. Cook and Mrs. G. Wallace W. Hanger, of Washington, are the two left in the field today as the result of Mrs. Story's withdrawal immediately after she was placed in nomination Wednesday night.

Her declaration from the floor that she was withdrawing in favor of Mrs. Cook "in repudiation of a campaign based on defamation of the character of a candidate" threw the convention into an uproar. Mrs. Cook thereupon announced that she was "perfectly willing to share Mrs. Story's votes with Mrs. Hanger."

Mrs. Story's allusion to defamation of character was followed by a statement issued by the Pennsylvania delegation branding as false and libelous, an anonymous letter circulated among members of the society before the congress convened, which, it was said, reflected on the war record of Mrs. Cook's son. The letter was signed, "The Presidential committee."

The statement of the Pennsylvania delegation said affidavits were held in the Pennsylvania headquarters that proved the falsity of the anonymous letter, which had been denounced by Mrs. Cook also, as untrue.

Seven other defendants, described by Judge Van Fleet as members of the executive committee of the Sanitary Pottery Association, and active participants in its price fixing operations, were given sentences of six months in the Essex county penitentiary and pay fines of \$5,000.

CLAIM FLOGGING WAS ONLY GENTLE

Tabert Given But Few Easy
Blows, Says Camp
"Whipper."

Tallahassee, Fla., April 20.—The
first phase of the legislative investi-
gation into alleged convict abuses in
this State, that part of it relating to
the death of Martin Tabert, of North
Dakota, in the private camp of the
Putnam Lumber Company, at Clara,
Fla., drew near the end Thursday with
the dramatic appearance of Walter
Higginbotham, widely heralded whip-
ping boss.

Higginbotham, 35, and standing 5
feet 7 inches in his shoes, attired in
a neat blue serge suit and silk shirt,
entered the committee room briskly
in response to a summons. Com-
mittee members said that he belied
their mental pictures of him.

He told the committee in a few
words that while he was the official
"whipper" of the lumber camp, he
did his work in a humane manner.
He never administered more than
10 or 11 lashes at one time, while his
monthly punishments average about
10, he said. He did not give Tabert
more than six or eight blows, gentle
ones, he testified.

May End Case Saturday
The committee announced Thursday
night that it expected to conclude the
hearing in Tabert's case Saturday.
Today two members of the commit-
tee—Representatives J. Clay Smith
and C. H. Kennerly—will go to Clara
to view the grave of the young man.
In an executive meeting Thursday the
Commission decided officially to in-
vite an Associated Press correspond-
ent to accompany them.

DISCOURAGED HOSPITALS

Governor Holds out Little Hope of
Money Increase.

During a conference of hospital
officials from all parts of the State,
who met in Harrisburg Thursday in
order to have the appropriations for
this year increased, the Governor
stated that before the hospitals' al-
lotments can be increased "there's
got to be more money in the reve-
nues of the State."

He informed the delegation that
the charitable institutions must ac-
cept, with other State activities,
their share in the retrenchment
made necessary by the orgies of
spending more than income in the
past.

He also explained that the finan-
cial condition of the past will not
permit the indiscriminate appropri-
ation of State funds to institutions,
but that the State has evolved a
method of paying on the merit sys-
tem of reimbursing the hospitals for
charity work actually performed.

Officials of the Annie M. Warner
Hospital were unable to attend the
conference due to lack of notice of
the date of the meeting. It was
called under the auspices of the
Pennsylvania Association of Hospi-
tals.

AIR AID FAILS TO REACH STARVING

Rescue Plane Falls Into Lake
Michigan; Marooned Are
Helpless.

THREE OF 10 REACH SHORE

Had Gruelling Fight With Ice And
Storms. Men And a Woman Await
Arrival of Food to Island.

Northport, Mich., April 20.—Lieut-
enants C. E. Whitehead and Harold
V. Wilcox, endeavoring to carry pro-
visions in an army plane to the ten
persons reported marooned on Fox
Island, came down near here Thurs-
day afternoon. Neither of the avi-
ators was hurt and the plane was not
badly damaged.

Six Northport residents, in a row-
boat, rescued the aviators. It was
necessary to drag the boat over the
ice in several places before the spot
where the plane landed was reached.
The aviators have asked that a De
Havilland plane be sent from Self-
ridge Field to assist in reaching the
marooned persons.

Cold, exhausted and half starved,
three men who for forty eight hours
battered their way through slush ice
and open water, reached the mainland
here Wednesday morning bearing
news that nine men and a woman are
slowly starving on Fox Island, eight-
een miles from here in Lake Michi-
gan.

The party went to the island last
fall to cut timber carrying provisions
sufficient for several months. The
prolonged winter, however, did not
enter into their calculations. Three
weeks ago all food supplies excepting
some frozen potatoes were gone.

With death from starvation facing
the little colony, an attempt was made
by four men to cross to the mainland.
They started on foot, but two miles
from the island the ice broke up, and
two of the men narrowly escaped
death by drowning before the return
to the island was accomplished.

A week later the men started again,
but when two miles out they were
caught in a blinding snowstorm.
They wandered about nearly a day
before finding their way back to the
island.

Last Monday morning a third start
was made. Edward Horn, 23; Carl
Cooper, 35, and Ellis Sayres, 21, were
the men who composed the party
which left the island in a stoutly
built skiff, eight feet long. They car-
ried one pair of oars, an eight-foot
pole and an ax. They had no food.
Nearly starved, they took turns at the
oars. There was open water about
five miles.

They finally reached shore and sent
assistance to the other islanders.

READY FOR FIRST DUAL TRACK MEET

College Harriers and Field Men
on Toes to Oppose Franklin
And Marshall.

Everything is ready for the first
track and field meet of the season at
Gettysburg College, Saturday after-
noon, when Orange and Blue harriers
and field men will compete with those
of Franklin and Marshall College, of
Lancaster, on Nixon Field. The meet
is scheduled to start at 2:15 o'clock.

The meet will be of particular in-
terest to Gettysburg sportdom, be-
cause two local athletes will have
prominent parts. Brady Armor, who
has deserted the baseball diamond for
the cinder path, will make his
debut in the high jump. Keith Ger-
ger, another Gettysburg athlete,
looks good as a hurdler and as a
jumper.

Among the veteran track and field
men of last year's Orange and Blue
squad, who have been showing up in
recent workouts, are Haehlen, cap-
tain, Curran, Gantz, Althouse and
Farringer, dash men; Phillips, Curran
and Henneberger, middle distance
runners; and Livingood, pole vault.

Several newcomers to the College
have won places in track and field
events. Among them are Biddle, of
Hanover, two-miler; Hartig, of
Frostburg, Maryland, shot putter;
Glatfelter, of York, mile runner, and
Sperry, of Cumberland, who excels
on the jumps.

Long, the College's best bet for the
discus throwing event, is ill at his
home in Wermelsburg, with mumps.

PLANE MAKES NEW START

Will Again Attempt To Get Food To
Marooned People.

(By Associated Press)
Northport, Mich., April 20.—The
airplane which left Chicago yesterday
for South Fox Island with provisions
for a party reported isolated on the
island arrived here this morning, and
an hour later left for the island.
Soon afterward, Lieutenant Meredith
arrived here from Selfridge field in
an airplane and began to take on sup-
plies preparatory to a dash to the
island.

THREE ADMIT TO HOLD-UP MURDER

Youth Confesses "His Finger
Slipped On Shotgun
Trigger."

Philadelphia, April 20.—Three of
the five bandits held in connection
with the hold-up and murder of John
E. Emgable at Nineteenth and Perki-
omien streets last Friday have con-
fessed to complicity in the killing and
payroll hold-up.

Three of the men are under arrest
in this city and three were captured
by Philadelphia detectives in Atlantic
City. Joseph Trinkle, 19 years old,
has confessed that he did the actual
shooting according to police.

"I didn't mean to do it," he told
Captain of Detectives Souder. "My
finger slipped off the hair trigger of
the shot gun after I became nervous."

The men under arrest in this city
exclusive of Trinkle are Joseph
Sweeney, Cumberland street near
Twenty-Sixth, and Andrew Lawrence,
a former policeman, Atlantic street
near Frankford avenue. Trinkle
gave an address on Thirteenth street
near Catherine.

The men held in Atlantic City in
connection with the holdup and murder
are Joseph McManus, Melon street
above Fifteenth; Edward Fertsch, of
Thompson street above Fifteenth, and
Zealand Harvey, of 200 North Florida
avenue, Atlantic City. Police say
that Harvey had no connection with
the robbery and murder, but that he
aided in hiding the men after they
had fled to the shore.

POLICE CALLED. IN D. A. R. VOTING

Anonymous Letter Attacking
Pennsylvania Candidate
Starts Hysteria.

DEADLOCK LOOMS UP

Withdrawal of New York Woman as
Protest May Give Office to "Dark
Horse" It Is Thought.

Washington, April 20.—Police
were called on Thursday to assist in
preserving order in the annual con-
gress of the Daughters of the Amer-
ican Revolution in the course of bal-
loting for the triennial election of
officers.

Many of the 1825 delegates were
described as on the verge of hys-
teria. Firemen stationed in the con-
vention hall assisted the police in
maintaining order.

The hysterical scenes were a de-
velopment of the bitterness over an
anonymous attack on one of the can-
didates, which Wednesday night
caused the sudden withdrawal of
Mrs. William Cumming Story, of
New York, as a protest against the
slurs on Mrs. Anthony Wayne Cook,
of Pennsylvania.

The excitement of Wednesday
night still was evident among dele-
gates early in the session Thursday
as they prepared to vote on the two
remaining candidates for president
general. Mrs. Cook and Mrs. G.
Wallace W. Hanger, of Washington,
are the two left in the field today as
the result of Mrs. Story's with-
drawal immediately after she was
placed in nomination Wednesday
night.

Her declaration from the floor
that she was withdrawing in favor
of Mrs. Cook "in repudiation of a
campaign based on defamation of
the character of a candidate" threw
the convention into an uproar. Mrs.
Cook thereupon announced that she
was "perfectly willing to share Mrs.
Story's votes with Mrs. Hanger."

Mrs. Story's allusion to defama-
tion of character was followed by a
statement issued by the Pennsyl-
vania delegation branding as false
and libelous, an anonymous letter
circulated among members of the
society before the congress conven-
ed, which, it was said, reflected on
the war record of Mrs. Cook's son.
The letter was signed, "The Presi-
dential committee."

The statement of the Pennsyl-
vania delegation said affidavits
were held in the Pennsylvania head-
quarters that proved the falsity of
the anonymous letter, which had
been denounced by Mrs. Cook also,
as untrue.

JAIL FOR CONSPIRATORS

M. Maddock, president of the
Thomas Maddock Sons' Company, of
Trenton, New Jersey, one of the
20 individuals convicted with 23
pottery manufacturing corporations
for conspiracy in restraint of trade,
was sentenced by Federal Judge Van
Fleet today to serve ten months in
the Essex county, New Jersey, peni-
tentiary, and pay a fine of \$5,000.

Seven other defendants, described
by Judge Van Fleet as members of
the executive committee of the San-
itary Pottery Association, and ac-
tive participants in its price fixing
operations, were given sentences of
six months in the Essex county
penitentiary and pay fines of \$5,000.

tioned in that district.

Through an arrangement Page and Beam are alleged to have made, they met Swift and DeRose in the lobby of the Governor Hotel. They persuaded the former troopers to drop the price to \$650, it is said. The four then went to the William Penn Hotel, where Page and Beam had a room. They say they gave the former police officers \$200 and promised the balance on Thursday.

The bills which were given the troopers were marked, and when they left the hotel, they were arrested as had been previously arranged by Sergeant Ahlquist and Private Goucher, assisted by Private Davis.

These men are at present stationed at the Progress substation. In the case, which is slated for immediate trial, Sergeant Ahlquist and Private Goucher will be among the principal witnesses, and are credited with the plan which was evolved for the capture of the erring troopers.

Mr. Sites and Mr. Kepner have moved their sawmill from here to near Thurmont, where they have purchased a large tract of timber, which they say will take them two years to saw and haul away.

Miss Alice Kepner, who was on the sick list, is able to be about again. Maurice Lightner, while cutting wood on Thursday, had the misfortune to cut an ugly gash in his head, his ax coming in contact with a wire. Dr. Ira Henderson dressed the wound.

Mrs. Amanda Lightner and Miss Verna Kump spent several days at the home of the former's daughter, Mrs. Elmer Bennett, of Fairfield Station, recently.

The first appearance of Spring in this community came on Thursday, when a flock of barn swallows arrived, singing their merry songs.

LIME-SULPHUR FOR SPRAYING

Comparatively Easy Matter to Make Solution—No Expensive Equipment Is Necessary.

(Prepared by the United States Department of Agriculture.)

The making of lime-sulphur solution for spraying fruit trees is comparatively simple, and any fruit grower who is equipped with the proper apparatus can readily prepare lime-sulphur concentrate for his own use. No elaborate or expensive equipment is necessary. A first-class concentrate can be produced in an ordinary iron kettle suspended over a wood fire. A new Farmers' Bulletin, 1255, Lime-Sulphur Concentrate, by E. B. Siegler, entomologist, bureau of entomology, and A. M. Daniels, mechanical engineer, bureau of public roads, describes the preparation of this spray. The uses for it are described in this bulletin, which includes drawings and designs for plants suitable for orchards of various sizes and locations.

In the first part of this bulletin will be found formulas and suggestions for the making, storing, and diluting of lime-sulphur concentrate. In the lat-

Lime-Sulphur Cooker in Operation.

ter part suggestions are given on the building of several types of cookers of different sizes, ranging from a very simple 25-gallon kettle to steam plants in which 500 gallons of the concentrate can be prepared in one cooking.

Lime-sulphur solution is probably used more extensively than any other compound, since it is both an insecticide and a fungicide. It is used during both the dormant and the growing seasons. Lime-sulphur is comparatively cheap, and can be combined with many other compounds, such as arsenate of lead and nicotine, for the simultaneous control of chewing and sucking insects and certain fungus diseases. Its chief disadvantage is that it is disagreeable to use, owing to its causticity. The lime-sulphur described in this bulletin should not be confused with the so-called self-boiled lime-sulphur, which is a mechanical mixture of lime and sulphur, whereas lime-sulphur concentrate is a chemical combination.

CONTROL CHERRY LEAF SPOT

Disease Lives Over Winter in Dead Leaves on Ground—Turn Under All Possible.

Clean cultivation is a valuable factor in controlling cherry leaf spot. Since the disease lives over winter in the old dead leaves on the ground, methods that tend to destroy these leaves before the "winter spores" are discharged are to be recommended. Studies have shown that the first discharge of spores takes place about the time that the blossom buds begin to break. While it is not practical to practice sanitation with such thoroughness as to make spraying unnecessary, it is possible greatly to strengthen the spray schedule by turning under as many of these old dead leaves as is feasible, prior to the first discharge of spores.

PLAN TO PRUNE FRUIT TREES

Severe Cutting May Delay Fruiting, Says Itasca Expert—Let Young Trees Alone.

In discussing the pruning of fruit trees, Dr. W. H. Chandler, of Itasca, said that severe pruning may dwarf the tree and delay fruiting. His experience indicated that much pruning should be delayed until the tree is large enough to bear a crop. In tests the young unpruned trees, especially peaches, gave much larger yields than pruned trees. He thought there was no advantage in shaping young cherry trees, and he would let Burbank plums go without pruning until ten years old. He would never cut trees when young, except for good reasons.

Cultivating Wet Soil.

Cultivating the wet soil about the roots of the trees is just as damaging as plowing the wet soil about the roots of corn or potatoes for the time being, and certain weeds are difficult of eradication in the orchards where it is too wet to work the ground.

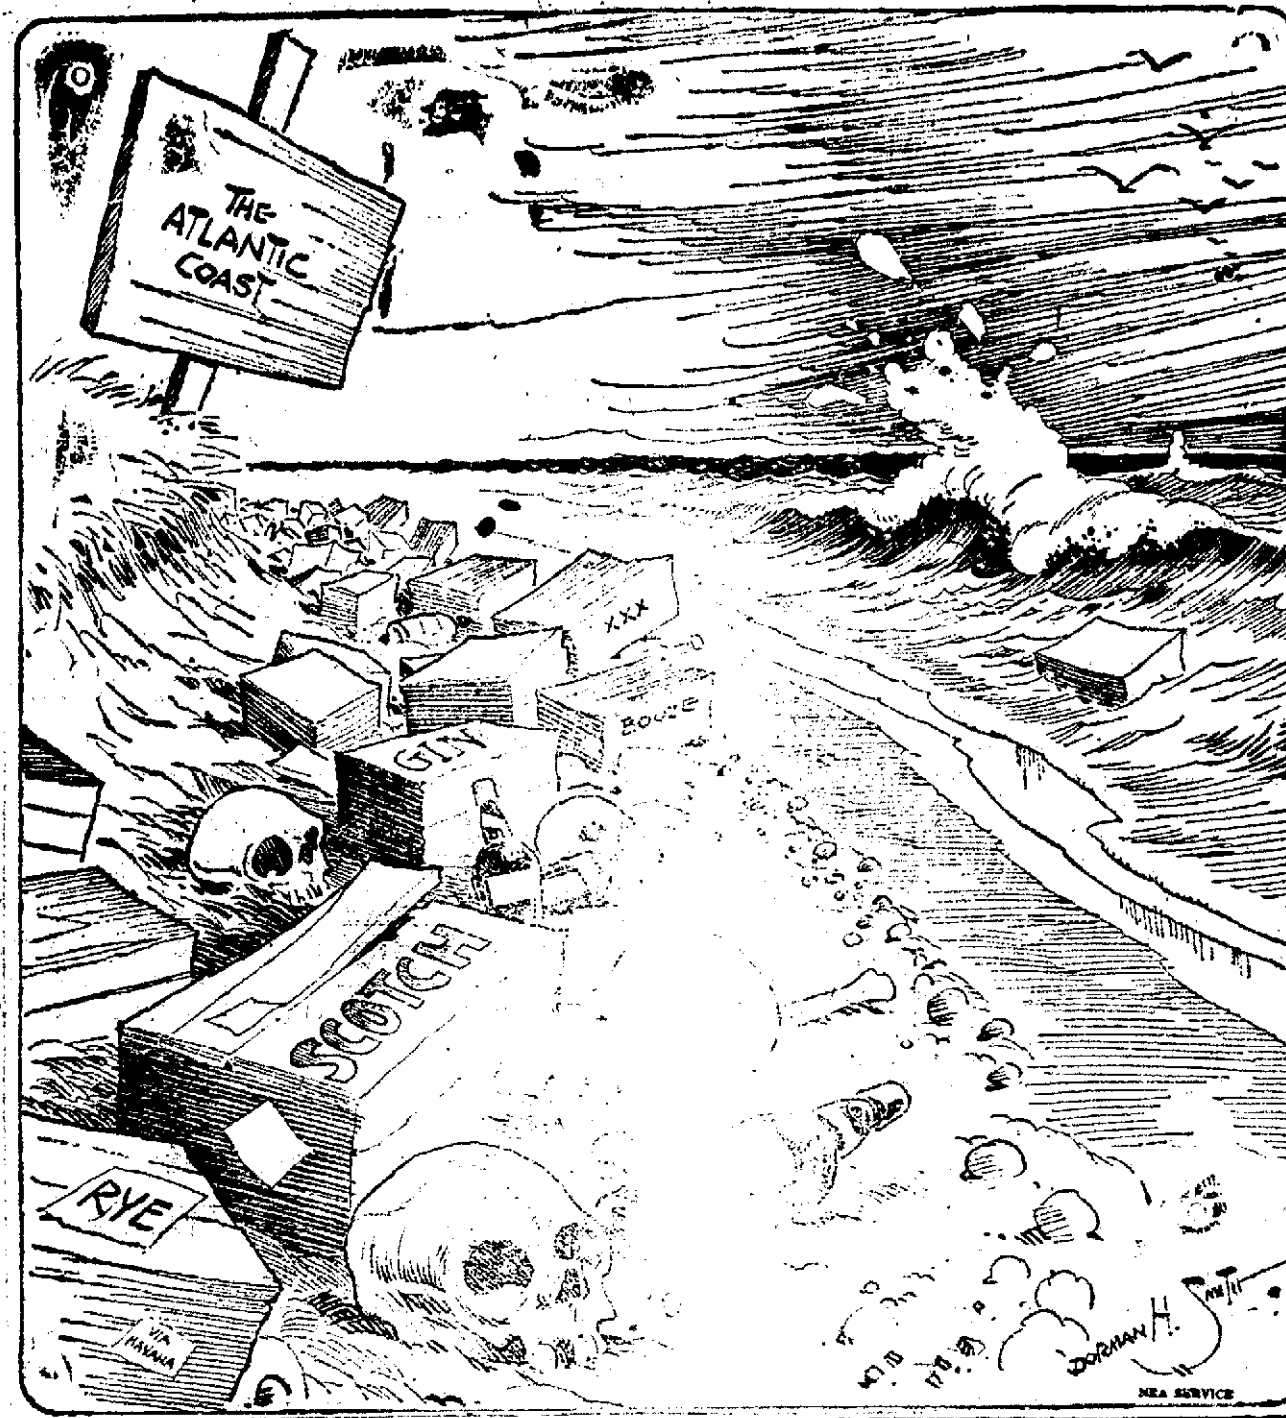

Small Orchard Pump.

An ordinary barrel pump, giving a pressure of 5 pounds, equipped with a good spray hose, extension rod and disc nozzle, is usually sufficient to care for small farm orchards.

Little to Be Said in Praise.

About the only good thing that can be said for poverty is that it is no disgrace.

"The big car contained only one person, a lady in a dark-blue suit and a small hat cunningly formed of dark-blue wings. She was tall and slender, with delicate features and creamy skin. She wore a sable scarf; she carried a sable muff. Most evidently she was in a hurry. Before the chauffeur could spring from his seat, she had opened the door of the car and started to descend.

Lettie roused. "Hold on!" she cried in alarm. "Wait till I get Bonnie Geraldine out of the way."

With one daintily shod foot on the running board, the lady paused. She swayed slightly. Her hurry seemed to desert her.

"What?" she gasped. "What—

"Bonnie Geraldine," repeated Lettie. "Wait till I wind up her rope and kind of pull her in. If you was to trip in it, you might throw her."

The lady's beautiful dark eyes followed the length of shop-wine to the bunch of speckled feathers, now considerably agitated by the general commotion and also by Lettie's zealous reeling in.

"Do you call that—that hen—Bonnie Geraldine?"

"Oh-huh," beamed Lettie, flattered by this attention to her pet. "Ain't it a grand name? I took it from two swell girls. She's going to be a society hen when she grows up."

The lady appeared to be having trouble about breathing. Her gloved hand fluttered at her throat, loosed the sable scarf. She stepped to the ground.

"Don't you think you might call your hen something more—more appropriate?" she inquired, with greater composure.

Lettie shook her head violently. "Suits me. They're the swellest folks I know, and—"

"Oh, then you know these people?" Lettie tossed her head in disdain at this literalness. "I ain't seen 'em, if that's what you mean; but golly, I've seen their clothes. Swellest clothes you ever saw. I have to hang 'round the yard and watch 'em when they're drying, 'cause somebody might snatch 'em; and if they should—Landy great Goshens, I'd bust The Custard Cup to pay for 'em."

The lady's interest had waned. She was looking fixedly at the child's ragged blue chamber. Lettie, with lightning reaction, resented the scrutiny.

"What's the matter with this here rig?" she asked feelingly.

"It's familiarly," murmured the lady. "The same and yet not the same! Will you tell me where Mrs. Penfield lives?"

Lettie, now coddling the caw-cawing Bonnie Geraldine in her thin arms, sprang forward, her great black eyes shining with excitement.

"Hindly, do you mean it? Are you really coming to see us? Great guns, ain't that the darndest good luck! Ev'body 'round'll be jealous when they see what a caller we roped in. Follow me!"

With an air of importance as expan-

sive as a drum major's, Lettie darted in front of the limousine lady and led the way toward Number 47. But at the entrance to the alley they ran into a youngster with auburn hair and big blue eyes that opened wide and wider in delighted amazement. He was wearing the pink plaid which had been made down from a garment once worn by Miss Bonnie Weatherstone.

The lady stopped short. "Who—who is this?"

"It's Thad," elucidated Lettie, somewhat impatient over this superfluous detail. "He's my little brother—or he would be if he was any related at all. Here, Thad, take Bonnie Geraldine 'round to her coop and be sure and fasten the slats. She's a precious hen, so you look lively or you'll have me to reckon with. Now—" As she slid the big door on its creaking wheels, she turned her attention again to the caller. "You hadn't told me who you are, I gotta tell Penzie."

"Oh, yes. Tell her, Mrs. Weatherstone."

Lettie paused with the door half open. "Holy smoke!" she gasped. "You don't mean it! Land, I'm glad to see you at last. Come right along in, and set anywhere you like. That there chair's the best one, though, if you ask me. I'll speak to Penzie."

She darted into the kitchen, closing the door behind her with great forethought. She returned immediately.

"Penzie'll be in right away," she reported. "She's ironing some'n and can't stop in the middle. Just make yourself at home."

LET'S ALL BE BOOSTERS

The Times has received a communication from an estimable woman citizen of town containing a well-deserved tribute to the Annie Warner Hospital and the efficient work being done at the institution to alleviate suffering and in nursing the sick and afflicted back to health. In line with its policy not to publish the names of contributors unless specifically requested, The Times prints the communication in full herewith signing it merely as from "A Citizen."

"Just a word about the Annie Warner Hospital and what it is doing for the people of the community."

"It would be a good thing if every person in Adams county would pay the Annie Warner Hospital a visit. Just one day, at the institution would suffice. Do I mean get sick and go there? No, I mean get sick of the unjust remarks occasionally heard about her and her loyal workers, those who try so hard and conscientiously with their skill and training to help suffering humanity."

"One must go within the walls of the hospital to get the real truth of what a wonderful work it is doing. Everyone should be extremely grateful for such an institution. And we are blessed with as fine a surgical doctor and superintendent as could possibly be found anywhere and a group of nurses and students devoted to their duty and always willing to cheerfully do their best. They need and deserve more cooperation of the physicians and the people. Let us all work with a zeal and not half-heartedly in supporting their work. The opportunity is at hand. We have a hospital all should be proud of and ready to aid in bringing it to the highest possible standard. The institution has a superintendent, who is clean and sacrificing, as anyone will readily appreciate upon meeting her."

"Lately, the institution has been crowded to the hilt. The nurses' home is badly needed and other things are required to make us suffering people as comfortable as possible."

"Who knows which one of us will be the next to enter its doors to seek relief for bodily ills, aches and pains? So, let us all, with our family physicians, join in speaking a kind and encouraging word for the institution, whenever possible—for the hospital itself and those who are laboring unselfishly there."

"The Annie Warner Hospital has proven its worth to us as Adams county citizens."

Selves After Leading a Gay
Life.

London—A group of former "gay and giddy" English girls have formed a suicide club, declaring that the joy of life does not pay according to test money given in court at London last week when two alleged members of the club were arrested after they failed to drown themselves.

Five members of the club have made unsuccessful attempts to commit suicide. The girls are now in custody. The club is named "The Five Who Would Die." It was formed by five girls who had been in a "gay and giddy" life in London and who had been arrested after they failed to drown themselves.

"People Don't Need Liquor"
"You tell the world that there are no people in Waynesboro dying from the want of liquor as a medicine and the people who are doing the most yelling for prescription blanks are not the doctors, it is the people who hope to secure one of those prescriptions in order to get a pint of whisky to drink, not for medicinal purposes," said a prominent physician of Waynesboro in regard to the statement made that physicians there were hampered in their care of patients by the fact that they have no blanks to secure liquor with and that the druggists have no liquor which can be secured to treat those ill with influenza, the securing of the liquor being a matter of life and death with those patients from all accounts.

Legion Dance Successful

The most successful dance held in Waynesboro in many ways and in every way the most successful dance ever staged by the American Legion or any other organization in recent years is the almost unanimous verdict given by the more than ninety couples who attended the affair held last evening in the Arcade Gardens when the Penn Diamond Orchestra appeared there recently for the benefit of the Waynesboro post of the veterans' association.

Desperado Was Meek

Ellis Warren, 25 years old, of Waynesboro, who on April 7 was alleged to have struck terror to hearts of persons in the store of Charles Shields at Roxbury by pointing a revolver at them and making threats to shoot anyone who dared to leave the store or who informed the police of this desperado activities, was arrested by Constable Klipp of Waynesboro and taken before Magistrate Zinn, of Shippensburg, where his father, Luther Warren, furnished bail of \$400 for his son's appearance at court. Warren made no resistance, although he was alleged to have said that he would shoot any policeman who attempted to arrest him.

Record Graduating Class

The graduating class of 1923 at the Chambersburg High School is destined to hold the record for a number of years as the largest class to be graduated in the history of the school, unless facilities at the high school are increased to permit registration of many new students or provision is made to care for non-resident students.

Frederick

Bad feeling between individuals on the police force is held responsible for criticism by State's Attorney Aaron R. Anders, of Frederick County. Mr. Anders declared in court that the Frederick police were not fulfilling their duty in the prosecution of the Volstead Act violators and showed a tendency to gloss over defenses. Immediately after the State's Attorney's statement was made, Mayor Culler made an address declaring that such charges which he had heard elsewhere than from the State's Attorney reflected upon his administration, and he proposed to dismiss every man from the force who failed to do his duty.

Tells of French Life

Interesting accounts of conditions in France, parts of Germany and the Ruhr district as they are at the present time, are given by Miss Margaret Weiler, daughter of Dr. and Mrs. Charles E. Weiler, of Frederick, who has just returned from a 10 months' sojourn in Paris and other parts of France. Mrs. Weiler had an unusual opportunity for keeping

her finger on the pulse of France, for she was living with a French family in Paris, made many friends among the French people and heard various questions of the day discussed from the French view point.

Firemen's Convention

Preparations to make the Maryland State Firemen's Convention to be held in Frederick on June 6, 7, and 8 the most elaborate affair of its kind ever held in the state are under way and the committee in charge of arrangements reported progress at their recent meeting at the City Hall.

Washington**Farmers Plan Picnic**

The executive committee of the Washington County Farmers' Association met in the office of County Agent M. D. Moore and discussed plans for a program of work for the organization. Plans for the farmers' picnic, which will be held during the latter part of August, were discussed. The Farmers' Association is considering extending the picnic over a period of several days. H. E. Bester is chairman of the picnic committee.

Good First-Aiders

Plant employees of the Hagerstown office of the Chesapeake and Potomac Telephone Company proved themselves past masters in the art of administering first aid treatment, when they captured first prize in a contest between teams representing Hagerstown, Martinsburg, Frederick and Cumberland staged at the Armory in Hagerstown recently.

York**Funeral For Suicide**

Funeral services for Howard W. Poff, 20-year-old bank clerk, who died at the York Hospital, after he had shot himself in the chest, will be held at the home of his parents, Mr. and Mrs. Edward Malehorn, on Saturday afternoon at 2 o'clock. Physicians had kept Poff alive for hours by the use of adrenalin, it is said. Despondency over failing health is attributed as the cause of suicide, it is said. He is survived by his widow, his mother, Mrs. Edward Malehorn, and two brothers, Clyde O. and George W. Poff, of York.

THE UNIVERSAL CAR

ANNOUNCEMENT

of interest to

MILLIONS of FAMILIES

"I will build a car for the multitude"
Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now they way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little. Why not start today. Stop in and talk it over with your Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

RIFLE TEAM SUCCESSFUL

Gettysburg College Won High Place in Third Corps.

Gettysburg's recent rifle season has been a successful one. The team representing Gettysburg College is composed of all of seventeen students and has matched its skill with that of several of the greatest universities and colleges in the country.

There were nine intercollegiate matches during the regular season, two preliminaries with Western Maryland, and the Third Corps Area Match in which the men on the local team participated very creditably. The Third Corps Area match is held in connection with the R. O. T. C. and this year Gettysburg won seventh place being preceded by schools like Penn State, which have larger enrollments.

The full lineup on Gettysburg's team stands: Clutz, Fauber, Glenn, Plank, Bidder, Robinson, Roth, Schantz, Shearer, Sloat, Smith, and Skoner. All these men did their best and succeeded in making their scores count in one match or more.

AFTER SEVEN YEARS

"Dear Sir—After having used Mentha Pepsin and obtained such good results, I feel it my duty to express my gratitude to you for your wonderful preparation, which has entirely cured me from indigestion which I have been troubled with for the past seven years.

I shall recommend Mentha Pepsin wherever I go, so that others may be benefited as I have been. It was a great drawback to me in my profession when I suffered with these attacks of indigestion. I felt greatly relieved after taking the first bottle and by the time I had finished the third bottle, I can gladly say that I was cured of my old enemy."—Mary E. Burton, (Professional Nurse), Bridgeton, N. J.

Don't suffer another day from gas, sourness, acidity, belching or chronic indigestion. Don't let headaches, nervousness and dizzy spells keep you feeling miserable. Get a bottle of Dare's Mentha Pepsin at Peoples Drug Store or any good druggist—it banishes stubborn stomach troubles forever.

13 PLAYERS ON TRIP

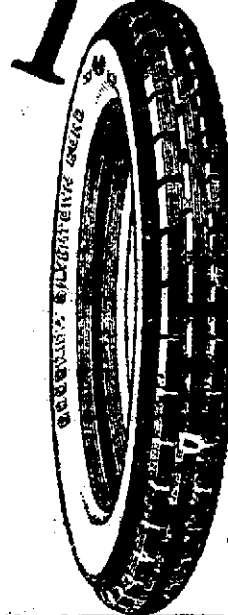

Despite Unlucky Number, Coach Plank Is Confident Of Victories.

With thirteen players, accompanied by Coach Ira Plank and Manager James Gilliland, the Gettysburg College baseball team left early this morning for Swarthmore, where this afternoon they crossed bats with that college. On Saturday afternoon, the local squad goes to Villa Nova, for the second game of the week-end series away from home.

Despite the unlucky number of players making the trip, Coach Plank is confident the team will bring home

two victories. Swarthmore, it is understood, is the weaker of the opponents. Gettysburg brought a victory against Gettysburg itself on this trip. Lafayette, will start on the mound. Coach Plank announced that "Dory" today.

Cash Returns From a Small Investment

Every time our driver puts a cake of ice in your refrigerator, you bank food savings.

Local housewives who take ice the year round know this. They never lose food because they tried to "save" on ice in winter. Telephone us—today—for enough ice to fill your refrigerator.

Then note the better taste of food so protected, food, which cannot spoil overnight when this small investment is made.

Ice costs very little these days because it melts so slowly.

Studebaker

The well-built car and the poorly constructed car look very much alike on the salesroom floor. Paint and varnish can cover a multitude of weaknesses in closed car construction.

But you can't ride on the paint.

In a Studebaker Sedan the quality is built into the job. The body will not begin to rattle or squeak after thousands of miles of hard usage.

It will continue to be comfortable and easy riding and will present a fine appearance month after month as when new.

There are closed cars that do not include heaters. Yet, you cannot be comfortable unless you are warm. Every Studebaker Sedan is completely equipped including a heater.

Studebaker's quantity production of cars of quality is responsible for the low price of this Sedan.

Big News for Baseball Fans

"Muggsy" McGraw

Manager of the World Champion Giants
will give readers of

The Evening Bulletin

PHILADELPHIA

the inside dope

on the 1923 Baseball Season

Manager McGraw, whose famous serial "My Thirty Years in Baseball" was printed in *The Bulletin*, will continue his authoritative writings in *The Bulletin* on Saturdays. He will tell all about

How Pennants are Won
and Lost in Big Leagues

For years, the King of Managers has gone on winning pennants. Now, for the first time, he will take the public in on his system, his theories and his opinions through the thrilling weeks of the 1923 pennant fight! Perhaps the most critical season in his 30-year career—at the conclusion of which McGraw longs to capture a fourth World Championship—something never achieved by any manager in baseball history.

"The Little Napoleon" of Baseball

will explain why some pennant contender may suddenly "blow up" or some despised "cellar champ" may reverse and hit a sensational winning streak. Also give opinions on big personalities such as:

Christy Mathewson, his old pal, now back in baseball as president of the Boston Braves after a long fight against death. Matty's work in directing a rival club will be analyzed by McGraw.

Frank Chance, his strongest foe when the Chicago Cubs were like poison to the Giants. Chance is now manager again, and although in a rival league, his progress will be the subject of comment.

Jack Bentley, known as the "Minor League Babe Ruth", for whom McGraw paid Baltimore \$65,000, and then nearly lost his star as a hold-out.

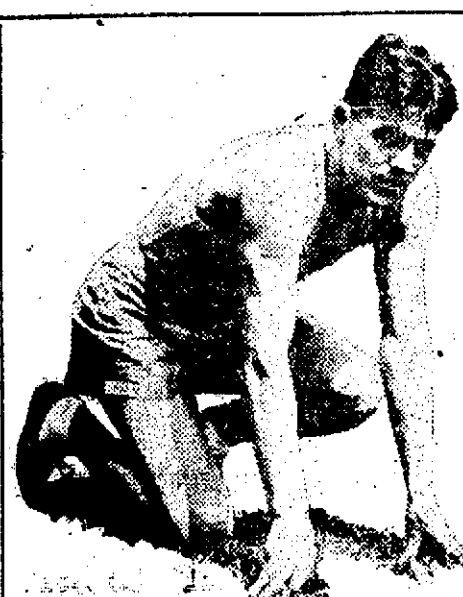

Jimmy O'Connell, his new \$75,000 beauty from the Pacific Coast, for whom he paid cash a year before delivery, so confident was McGraw he had a prize.

In loving remembrance of our par-
ents, Susan B. Hoffman, who depart-
ed this life April 16th, 1915, and
Samuel Hoffman, who died April 20th,
1920.

They sleep, they sleep.

When the morning light
Disperses the shadows of solemn
night,

When dewdrops are gleaming on
leaf and spray,

When blossoms are wooing the new
born day,

When bright birds are singing o'er
hill and glen,

Will they wake, will they speak to
their loved ones then?

They sleep, they sleep,

And nevermore
Will their footsteps fall by the old
home door.

Nor their voices be heard with their
loving tones

By the lone ones left round their old
hearth stone.

They are gone, they are gone to
their home above,

To the beautiful land where the angels
are.

NEW ALCOHOL TEST

Machine Will Determine Content In
All Liquids.

Harrisburg, April 20.—Dr. Ernest
Vuilleumier, professor of chemistry
at Dickinson College, has invented a
device which will determine the
alcoholic content of any liquid within
fifteen minutes. The instrument has
been named the Dickinson Alchome-
ter, after the college.

Announcement of the invention
was made Thursday night through
Major Lynn G. Adams, of the State
police. Major Adams was given the
first demonstration of the new device
and he immediately ordered the State
force be equipped with twenty five
alchometers.

"It will be invaluable to us in mak-

ing raids and securing evidence," he
said. "It is one of the most unusual
inventions I have ever seen."

**Millions depend on S.S.S.
to purify their Blood**

SINCE the days of the Chero-
kee Indians, man
has relied upon
nature to produce
certain barks and
herbs to purify the
blood. Today, the
manufacturers of
S. S. S. gather
thousands of tons
of these certain barks and herbs an-
nually and prepare in concentrated
form, scientifically proportioned, that
great blood purifier, called S. S. S.
This is why S. S. S., since 1826, has
been such a great success. It has
meant to millions of underweight men
and women a plus in their strength.

S. S. S. builds blood-power. It builds
red-blood-cells. That is what makes
fighting power. And fighting power
destroys impurities! It always wins!
It fights pimples, it fights skin eruptions,
it fights rheumatism. It builds
nerve-power—thinking power. These
are the reasons which have made
S. S. S. today the greatest blood-
cleanser, body-builder and success
builder.

Mr. James Chaloupka, Camp Sherman
School, Chillicothe, Ohio, writes: "I
feel like a new man after taking S. S. S.
It gave me a better appetite and cleared
my skin of pimples and blackheads."

Try it yourself. S. S. S. is sold at all
good drug stores. The large size is
more economical. Get a bottle today!

NEW ALCOHOL TEST

Machine Will Determine Content In Any Liquid.

Harrisburg, April 20.—Dr. Ernest Vuilleumier, professor of chemistry at Dickinson College, has invented a device which will determine the alcoholic content of any liquid within fifteen minutes. The instrument has been named the Dickinson Alchometer, after the college.

Announcement of the invention was made Thursday night through Major Lynn G. Adams, of the State police. Major Adams was given the first demonstration of the new device and he immediately ordered the State force be equipped with twenty five alchometers.

"It will be invaluable to us in making raids and securing evidence," he said. "It is one of the most unusual inventions I have ever seen."

Nobody in This Community Knows HALF of What Is In This Store

Did you ever stop to realize that nobody could ever hope to see HALF the goods that a store like this has in its stocks? That is a great handicap to us, of course; but it is often a disadvantage to you, as well.

We've often wished we could find the way to change that condition. Of course all our store stocks can't pass through our windows—not even a small proportion of the beautiful things. We can't possibly SHOW YOU EVERYTHING when you come to our counters—even if you had the time to look at what we had to show you.

We can't possibly tell the story of everything in our advertising. Of course all our store stocks can't pass through our windows—not even a small proportion of the beautiful things.

We can't possibly SHOW YOU EVERYTHING when you come to our counters—even if you had the time to look at what we had to show you.

Please don't ever limit your idea of what we have in this store by WHAT YOU HAVE SEEN, for it must always be a BETTER STORE THAN YOU THINK.

So, when you have a desire for something you have never seen here, be sure to ASK FOR IT before you try elsewhere, in or out of our city; for we may be keeping it carefully for you, while other things have been more fortunate in being shown.

We're hoping that you'll be able to see at least part of THE OTHER HALF.

Get health—Keep health—Feel fine by eating Kellogg's Bran regularly!

Constipation and the toxic poisonings that come from it not only take the enthusiasm out of life, making you depressed and physically and mentally dull—but they lead you into diseases such as Bright's, diabetes, rheumatism, etc. You can actually rid yourself of these dangers if you will EAT KELLOGG'S BRAN REGULARLY!—at least two tablespoonfuls daily—in chronic cases with every meal! Kellogg's Bran is nature's most wonderful food. It is scientifically prepared to relieve suffering brought on from constipation and it will do this as no other food can! Don't take a chance of "getting away" with constipation—IT WILL GET YOU! Don't ruin your health with pills and get relief—they are as dangerous as constipation itself and give bad temporary relief, at the very best!

What you should do for your family and for yourself is to serve Kellogg's Bran every day, in any one of several attractive ways, and fight constipation as you have never fought it before! **AND YOU WILL WIN.** In the first place, Kellogg's Bran is delicious in its natural flavor, adding greatly to any cereal with which it is used. Eat bran as a cereal with hot milk, or mix it with hot cereal before serving. Another method is to cook Kellogg's Bran with cereal, or learn for each person. A popular way is to sprinkle bran on hot or cold cereal. Bran makes wonderful bakery mixes. Recipes are printed on every box. Kellogg's Bran is served in leading hotels, restaurants and clubs. It is sold by all grocers.
